temperature. FIXD explains symptoms, causes, and severity of check engine light code P0128.

P0128 - Meaning, Causes, Symptoms, & Fixes | FIXD Automotive

It means that the engine ECU has a code in it. ECU 128 only identifies the module, it is not a fault code. Can you hit a dash button and get more numbers? You should also get a PID/SID and FMI number, which is the actual fault code, the only thing I can tell you is that you have a fault in the engine ECU, I need more info.
