Gender Religion And Diversity Cross

Gender, Religion and Diversity provides an introduction to some of the most challenging perspectives in the contemporary study of gender and religion. In recent years, women's and gender studies have transformed the international study of religion through the use of interdisciplinary and cross-cultural methodologies, which have opened up new and highly controversial issues, challenging previous paradigms and creating fresh fields of study.

Our areas of focus include gender, ethnicity, LGBTI, religion, persons with disabilities and cross-cultural diversity. We strive to ensure that all our people are compensated fairly and equitably from the moment we hire them through the milestones of their careers here. When we see a disparity for any of our people, we fix it.

Women, Gender, and Religion

Sex differences in religion can be classified as either "internal" or "external". Internal religious issues are studied from the perspective of a given religion, and might include religious beliefs and practices about the roles and rights of men and women in government, education and worship; beliefs about the sex or gender of deities and religious figures; and beliefs about the origin and ...
