Maruti Engine 800cc

Maruti 800 is a small city car that was manufactured by Maruti Suzuki in India from 1983 to 2014. The first generation was based on the 1979 Suzuki Alto and had an 800 cc F8B engine, hence the moniker. Widely regarded as the most influential automobile in India, about 2.87 million 800s were produced during its course of which 2.66 million were sold in India itself. With over 31 years of production, Maruti 800 remains the second longest production car in India, next only to Hindustan Ambassador.

Maruti 800 - Wikipedia

The new-gen Alto 800 is expected to be plonked with the same 796 cc, 3-cylinder naturally-aspirated petrol engine that is available with the current-gen Alto. The said engine belts out 48 PS of maximum power along with 69 Nm of peak torque.
