The Affluent Society John Kenneth

John Kenneth Galbraith's classic investigation of private wealth and public poverty in postwar America With customary clarity, eloquence, and humor, Harvard economist John Kenneth Galbraith gets at the heart of what economic security means in The Affluent Society. Warning against individual and societal complacency about economic inequity, he offers an economic model for investing in public wealth that challenges "conventional wisdom" (a phrase he coined that has since

The Affluent Society: Galbraith, John Kenneth ...

The Affluent Society is a 1958 book by Harvard economist John Kenneth Galbraith. The book sought to clearly outline the manner in which the post-World War II United States was becoming wealthy in the private sector but remained poor in the public sector, lacking social and physical infrastructure, and perpetuating income disparities. The book sparked much public discussion at the time. It is also credited with popularizing the term "conventional wisdom". Many of the ideas presented were ...

The Affluent Society: Galbraith, John Kenneth ...

"The Affluent Society" was originally written in the still largely manufacturing-dominated economy of the 1950's. Since then, the growth-driven, product-oriented economic framework developed by Smith and Ricardo amid pervasive poverty has no doubt become even more profoundly out of date in the post-industrial economy.
